CIRCULAR

Sub: Revised Online Students' Grievances Registration System - timely redressal of grievances by Campus Directors - reg.

Ref : Minutes of the Campus Directors' meeting, held on 12.4.2019, circulated on 26.4.2019 through Registrars' e-mail.

1. A review on the existing Online Students' Grievances Registration System was undertaken during the Campus Directors Meeting referred above. Based on the deliberation during the meeting, suitable changes have been made in the System and revised circular on the subject is as follows.

2. It is important that Campus Directors should be sensitive and empathetic to students' grievances and address them promptly and systematically. Otherwise, the grievances are likely to be escalated to the level of Vice Chancellor, IMU or even higher (Ministry of Shipping or Prime Minister's Office) creating a bad impression about the Campus.

3. A good grievances registration and monitoring system should have the following features:

(a) Students should be able to register complaints online from anywhere and at any time.

(b) Only genuine complaints should be registered and bogus/ motivated complaints should be filtered out.

(c) Students who generally complain should not be afraid of victimization and should be able to come forward to register their complaints freely and fearlessly.

4. Keeping the above principles in mind, IMU has developed an *Online Students' Grievances Registration System (OSGRS)* with the link available on IMU's website. The grievances coming under the following ten major heads can be registered online:

- (a) Hostel Amenities-related grievances.
- (b) Mess related grievances.
- (c) Class rooms, workshops, laboratories-related grievances.
- (d) Supply of text books, uniforms, etc - related grievances.
- (e) Library-related grievances .
- (f) Sports and other recreational facilities-related grievances.
- (g) Medical facilities-related grievances.
- (h) Ragging-related grievances.
- (i) Other types of student misbehaviour-related grievances.
- (j) Complaints against Faculty or Non-Teaching staff.

5. The student will be required to fill up a simple, structured form online, by selecting one of the ten major heads of grievances and elaborating the details in the box provided (within 500 characters). Once the grievance is registered online, an email will be sent to the Campus Director concerned with a copy to the Registrar, IMU as well as the student and IT Cell at IMU HQ. This system ensures that only genuine students can register their grievances and that bogus/motivated complaints are eliminated.

6. The Director of the IMU Campus concerned should ensure that the reported grievance is looked into promptly and redressed expeditiously. This will be reviewed critically by the Vice Chancellor during the review meetings, while the more serious ones will be reviewed then and there.

7. The model of the Students' Grievances Online Reporting Page may be seen in the *Annexure*. The new system will go live with immediate effect. However, Campus Directors are requested to bring this Circular to the notice of all the students. *Student representatives of each batch / programme should be briefed about the revised system.*

8. Campus Directors are also requested to ensure the following:

(a) *Periodic inspections* of the various amenities by the Assistant Registrar, Deputy Registrar and the Campus Director so as to get a first-hand knowledge of the ground situation.

(b) *Free access* to students to meet the Campus Director and complain about their grievances, if any, in person.

(c) If not already available, there should be a *Students' Mess Committee* and a *Students' Hostel Committee* which will regularly interact with the Warden/ designated Faculty/Campus Director.

9. The cooperation of all concerned is solicited to make this revised *Online Students' Grievances Registration System* a success.

This Circular is issued with the approval of the Vice Chancellor.
